Department store in the city of Koriyama, Fukushima children's thyroid test venue installation

In response to the Fukushima Daiichi nuclear power plant accident in Fukushima Prefecture, has been promoted thyroid testing in children. To facilitate tested, venue is also provided in Koriyama department stores. Next to the toy department, for infants, thyroid testing venues provided to the department store, was chosen this place is subject to inspection. I told the person in charge of a department store thin "I think because it is a toy department features, and I can not wait for it to relax." Sonicated in the vicinity of the throat, examination, examine the exposure of the thyroid gland. I told the parents that came to the test "and is waiting for the child to not get tired." Examination of the thyroid, approximately 360 000 people under the age of 18 in Fukushima Prefecture has become a target.
