TEPCO Fukushima Daiichi nuclear power plant accident, hospital in Fukushima Prefecture are facing financial difficulties.

Hospital Association 90% of the county hospital affiliated summarized the estimated losses of up to one year with at least 12.6 billion yen. Some hospitals have been charged to TEPCO damages of six months, such as retirement benefits are excluded from the physician, the amount that has been paid, on average, about 70% of the claim. At the hospital personnel has been reduced, it has been forced to limit the acceptance of such inpatient.

Futaba Public Welfare Hospital in Futaba Town is in the entire hazard area. Leaving large testing equipment and pharmaceuticals, such as X-ray, but no longer in business immediately after the accident. Twice, the staff was a temporary hospital director Shuichi Shigetomi limits (61), bring up, such as a medical certificate that it was the last. Five from 12, doctors nurses has been reduced from 125 people to 68 people. The remaining doctors working in the hospital series.

Shigetomi director "I do not know what is what makes the town itself. Country I want to show the early outlook and". Transport costs and 136 people hospitalized patients, and revenue obtained if there is no accident, TEPCO claim to 500 million yen 50 million as damages until the end of August, in talks.

Hospital Association in the province, which is equivalent to 90% of the 127 hospital hospital affiliation prefecture. Where each hospital was determined declaration for the calculation of damages for one year by the nuclear accident Association, there was a report of a total of 12.6 billion yen from 24 hospitals. Estimated gross profit excluding personnel expenses and evacuation costs, such as income from normal medical practice at the time, the price of the drug to be closed and unavailable, such as retirement from staff. 7 Areas hospital, six hospital emergency evacuation preparation area was old (released at the end of September) of the 24 hospitals.

14 hospital filed compensation 74 million of a total of about 4.7 billion yen as of the end of eight minutes. 6 hospital received a total of about 96.1 million yen 2.2 billion by December 12, payment rates were 41-81%.

Retirement that nurses and doctors who claim as a loss of personal property is not covered is a big factor. The association claims that "better than expected, and physician staff that many had retired at once with peacetime is different," said TEPCO "lost profits that occurred in the impact of the accident is eligible for compensation" that position with.

Number six doctors from eight hospitals in the city of Minamisoma Onoda was an emergency evacuation preparation area, nurses are now 46 people from 80 people. From the fact that closed the ward patient hospitalization is reduced, income is also the month in which a deficit of ¥ 1.3000 million in the third. Compensation received in November, 66% of the invoiced amount. Mainly, that it was to be reduced by the cost of materials and chemicals, such as severance pay. Office personnel "in this situation, do not know how long the continued management," he said.

Is late in the day only after less than a 9 months from the accident provision for compensation. Many places that have limited the acceptance of patients hospitalized with decrease of the medical staff. "Chairman peace Maehara Association provincial hospitals in this state is I complained reconstruction of the hospital is "far. (Shigeru length Kokai)
