

Reports of Assessment Results Submitted by the Operators (List)

1. Numerical simulations of tsunami

- Report on investigation results regarding tsunami caused by the 2011 Off the Pacific Coast of Tohoku Earthquake in Onagawa Nuclear Power Station, Tohoku Electric Power Co., Inc. (submitted on July 8, 2011)
- Report on investigation results regarding tsunami caused by the 2011 Off the Pacific Coast of Tohoku Earthquake in Tokai Dai-ni Nuclear Power Station, the Japan Atomic Power Company (submitted on July 8, 2011)
- Report on investigation results regarding tsunami caused by the 2011 Off the Pacific Coast of Tohoku Earthquake in Fukushima Dai-ichi and Dai-ni Nuclear Power Stations, Tokyo Electric Power Co., Inc. (TEPCO) (submitted on July 8, 2011)

2. Seismic response analysis

- Results of analysis and assessment of seismic data observed at Onagawa Nuclear Power Station at the time of the 2011 Off the Pacific Coast of Tohoku Earthquake and earthquake off the coast of Miyagi Prefecture on April 7, 2011 and impact assessment on facilities important to seismic safety (submitted on July 28, 2011)
- Results of seismic response analysis of the reactor building, important equipment and piping system important to seismic safety using observed seismic data of Units 2 and 4 of Fukushima Dai-ichi Nuclear Power Station, TEPCO (submitted on June 17, 2011)
- Results of seismic response analysis of reactor building, facilities and piping system important to seismic safety of Units 1 and 3 of Fukushima Dai-ichi Nuclear Power Station, TEPCO (submitted on July 28, 2011)
- Results of seismic response analysis of reactor building, facilities and piping system important to seismic safety at Units 5 and 6 of Fukushima Dai-ichi Nuclear Power Station, results of seismic response analysis of reactor building, facilities and piping system important to seismic safety of all units of Fukushima Dai-ni Nuclear Power Station and results of seismic response analysis of turbine building, facilities and piping system important to seismic safety of all units of Fukushima Dai-ni Nuclear Power Station, TEPCO (submitted on August 17, 2011)

3. New scientific and technical findings about the earthquake

- Continuous scientific/technical findings collection on earthquake-proof safety of nuclear power plants and efforts on improvement of assessment, Tohoku Electric Power Co., Inc., TEPCO, The Japan Atomic Power Company, Independent administrative agency Japan Atomic Energy Agency (submitted on April 28 and September 2, 2011)
- Continuous scientific/technical findings collection on earthquake-proof safety of nuclear power plants, Independent administrative agency Japan Nuclear Energy Safety Organization (submitted on April 28 and September 2, 2011)
